· Java · Python · HTML·SQL

---

## SOFT SKILLS

**Personal:** · Communication · Time management · Problem solving · Creativity

**Languages:** English · Kannada · Hindi

---

## CERTIFICATIONS

Hacker Rank for SQL(basics)  
INFOSIS SPRINGBOARD for software testing  
AWS cloud partitioner essentials  
Android mobile app foundation course

---

## PROJECTS

### Candypic-Photography Service Website

- Developed a responsive photography service website using HTML, CSS, and JavaScript for the frontend, and Node.js for the backend.
- Implemented user authentication to allow account creation, secure login, and personalized access to services.
- Designed a service selection and booking system where users can book photography services, with booking details directly sent to the admin via WhatsApp integration.
- Built a dedicated contact page to facilitate direct communication between users and the admin.
- Ensured smooth functionality and user experience by integrating dynamic features and optimizing backend performance.
